# LYNN CHAPMAN

## OILS & WATERCOLOR

I am inspired by the beauty that surrounds me on the Big Island and my paintings are inspirations of the places, light, color, and moments that move me. My images in oil have a realistic, impressionistic style with bold, vibrant colors and flowing lines that reflect my vision of light and color. I use a layering/glazing technique to bring out depth and rich colors.

I paint with the Kohala Plein Air Group and have been a featured artist at The Barela Gallery in Mauna Lani and the Firehouse Gallery in Waimea. I am a member of the Waimea Arts Council and selected for their Masters Invitational Show. I intend to continue painting, learning, improving, and living life fully with aloha!
