## Water: Oceans, Rivers, Waterfalls and Snow

December 7 - 30, 2016

The Waimea Arts Council has invited all their member artists to participate in an exhibit of "Water: Oceans, Rivers, Waterfalls and Snow," from December 7 to 30. The show will take place in the front area of the Firehouse Gallery, located in Waimea, and consists entirely of work from artists living on Hawaii Island.

Water surrounds us in many forms: the rain that keeps our island green, the oceans that provide food and recreation, the beauty of waterfalls and rainbows and even the snow on the mountain. Come see how our artists depict these elements in all mediums – paintings in oil, watercolor, acrylic or mixed media, as well as drawings and sculpture.

## Small Propane Tanks wanted

WAC is planning a fun new project - building a large chess set to be used and displayed on the "chessboard" concrete area of the corner lawn on the corner next to the gallery.

The plan is to use discarded small propane tanks to create the chess pieces. 5 gallon size for pawns (need 16) and 7 and 9 gallon tanks for the king, queen, knights, bishops and rooks (could use twelve 7 gallon and four 9 gallon sizes, if we can get them). The tanks will first be painted black or white and then designs will be put on the larger ones to differentiate them.

The plan is to put out a call to the local schools that have chess clubs and ask them to submit possible designs for the larger pieces.

If you have any tanks that you'd like to get rid of, think about donating them. Just be sure they are empty. You can either contact Amaury with questions or just leave them in the courtyard area between the gallery and the bunkhouse.

**Is there something you'd like to see in this newsletter? Let me know. If you have anything to share about your art activities outside WAC, please send to Julie McCue at [jmccue@hawaii.rr.com](mailto:jmccue@hawaii.rr.com). Deadline for January issue is December 15.**
